Summer 2011

Fresh Off the Grill From Lana Hill, North Texas Region Director

We were lured back to the setting for the [Wood Waves & Wheels car show](#) at the Fort Worth Boat Club on Eagle Mountain Lake for our **May** meeting. Bob Hardisty and Lana Hill took the photos. More members attended this year. Even captured new members Jim and Laurie Manuel with their 1977 Town Car parked among us. Bill Sisk finally showed off his red and white Bill Blass. We all agreed this should continue to be an annual event for the club. The boats, motorcycles, and cars are all judged by attendees.

WWW CAR WINNERS (out of 50 cars): Best of Show went to a Cunningham car with a Chrysler Motor. Member Brad Balles shared quite a bit of information on it as we sat around under a huge shade tree. The rest of us had never seen one. If this is a C-3 coupe, like all Cunningham factory cars, it was built in West Palm Beach, Florida. Of course, the Italian custom coachwork speaks to an international motorsport sensibility. The point is not the surprising acceleration, but the grand touring package. Over in Milan, they matched the Cunningham chassis to a Giovanni Michelotti design that might be considered standard for the firm. First Place went to a purple/white Ford Cobra. Second Place went to the Hill's Red Convertible.

Doug Mattix received his new Flower car today. He said " it is really cool, needs a little TLC, but looks great. All the inside of the bed is Stainless Steel. Needs the overhang on the rear taken off, but will get to that later, after the clean up and the wax job."

In June we tried a breakfast meeting at the Old West Café in Grapevine since Moslah Shrine Car Show moved it's date to September 25. Three of our members drove their beautiful Lincolns and held court in the parking lot for the following two hours. Ask Jake about the door handle addition he made to his "new" Zephyr, and Jim about the pin stripe addition to his 2010 Town Car, and Ken about his low mileage 89 Town Car.

Coming up is our annual NoTX Summer Social and we'll be celebrating the Collector Car Appreciation Day, the August meeting is a potluck meal and tour of the White Rock Lake Park Pump House. September evening meeting at Moslah Shrine Car Show in Fort Worth.

REMINDER: Purchase a \$12.50 North Texas Region LCOC name tag from Carol Mattix, No.TX Treasurer. Send her the \$12.50 and she will get you one. We have a cash drawing each monthly meeting from attending name tags.

How long have you owned a car ???

If you have any friends that own Lincolns of any age, tell them about the Lincoln and Continental Owners Club. Get them to sign up for 2011 and they will receive a membership in the North Texas Region free for the first year. A value you just can't beat. Our Director has a few FREE National memberships left also. Better yet, give them a LCOC National membership as a holiday gift. While we have some of the best members in our club, and if they are a friend of yours, they will be more than welcome in the club. If you do not want to do the hard sell, give Lana Hill a call and pass on the information. She will give your friends a call and get them signed up in the club PDQ. And, if you just want us to send a copy of the latest newsletter, call or email and we will send a copy out within a day or two. We welcome new members and the door is always left open for them.
