## Fresh Off the Grill From Lana Hill, North Texas Region Director

**July 14** was our annual Summer Social to celebrate Collector Car Appreciation Day and Carol Mattix's giant Garage Sale. The Packard's and Cadillac's joined us. The flower car sold to an LCOC member in AZ. Brian Earnest brought his Giant Schnauzer. He and Sasha got along fine.

**August 8** I called Earl Zimmerle, long time North Texas Region member. He told me Lucille died a couple of days ago. Earl is the only one who attended all 24 Salado Meets and also drove the same 1954 Lincoln Capri Convertible every meet. Until recently and only due to her health, Lucille and their son also attended Salado each year. Our hearts go out to their family.

**August 11** at Sherwin Williams Training Center with Cads was rescheduled for November 10 due to SW no show. Those that did enjoyed a visit with other car guys in the shade of big trees. A new Cad member brought an album of his 1947 restoration. Our new member, Greg Kisling, joined in a pet dog discussion. He has owned Great Pyrennes for over 20 years. Hope Greg comes to enjoy the Patricks Great Pyrennes in December.

**September 23** Moslah Shrine Car Show was cancelled. No other local things scheduled for September.

Any ideas for 2013 Calendar?

Reserve the dates of **October 27** 2<sup>nd</sup> Annual Westlake Vintage Car Show, Hwy 114 at Hwy 114 and Kirkwood/Solana; **November 10** rescheduled Sherwin Williams Automotive Training Center mixer with Cads; **November 24** Sam Pack Warehouse with V-8 Club; and **December 8** North TX Region Annual Meeting at Patricks's Alpaca Farm and Inn.

Join us when you can and bring a potential new LCOC North Texas Region member with you.

Lana Hill, North Texas Region Director.

Johnny Bond's story of the

## HOT ROD LINCOLN

Submitted by Joe Hill

Now you've heard the story of the hot rod race, when the Ford and the Mercury were settin' the pace. That story was true I'm here to say, 'cause I was drivin' that Model A. It's got a Lincoln motor and it's really souped up; that Model A body makes it look like a pup. It's got twelve cylinders and uses 'em all, it's got overdrive that just won't stall. It's got a four-barrel carb and dual exhaust, plus four-eleven gears so you can really get lost. It's got safety tubes and I'm not scared, the brakes are good and the tires are fair.

We left San Pedro late one night, the moon and stars were shinin' bright. Everything was fine up Grapevine Hill, we were passin' cars like they were standin' still. Then all of a sudden like the flick of an eye, a Cadillac sedan passed me by. The remark was made, "that's the car for me," but by then the taillights were all you could see. Well, the fellers ribbed me for bein' behind, so I started to make that Lincoln unwind, took my foot off the gas and man alive, I shoved it down into overdrive!

Well, I wound it up to 110, twisted the speedometer cable off of the end. I had my foot-feed clear to the floor, sez, "that's all there is, there ain't no more!" Went around a car and I passed a truck; I crossed my fingers just for luck. My fenders were clickin' on the guardrail posts, the guy beside me was white as a ghost. I guess they thought I had lost my sense; the telephone poles looked like a picket fence. They said, "slow down, I see spots" (the lines in the road just looked like dots).

Smoke was rollin' out of the back when I started to gain on that Cadillac. I knew I could catch him, and I hoped I could pass, but when I did I'd be short on gas. Went around the corner with the tires on the side; You could feel the tension; man, what a ride! I said, "hold on, got a license to fly," as the Cadillac pulled over and let me by. Now, all of a sudden, a rod started knockin', down in a dip she started a rockin', I looked in the mirror and a red light was blinkin', the cops was after my hot rod Lincoln.

Well they arrested me, and they put me in jail. I called my pop to go my bail. He said, "Son, you're gonna' drive me to drinkin', if you don't quit drivin' that HOT ROD LINCOLN!"
